

## EXECUTIVE SUMMARY

---

**Item Name:**           **Sunset Review of Fees for CY 2021 (UArizona)**

Action Item

**Requested Action:** The University of Arizona (UArizona) asks the board to approve the sunset review of fees for CY 2021, as described in this executive summary.

### Background/History of Previous Board Action

- During the 2018 legislative session, legislation passed (Laws 2018, Chapter 107) that amends A.R.S. § 15-1626 requiring the board to broaden its approval of fees to approve via a roll call vote any changes to academic fees or online program tuition rates.
- In January 2018, the Arizona Auditor General issued its audit of the Universities Fee-Setting Processes. The Auditor General's audit concluded that ABOR and the universities have established fee-setting processes consistent with best practices but could further enhance the process. For example, the audit found that ABOR should review its fee-setting policies and guidance to require a periodic review of the universities' fee-setting processes.
- At its November 14 – 16, 2018 meeting, the board approved a new section of policy that requires a sunset review process. ABOR Policy 4-105(F) now requires the board to review and approve each academic fee at least once every 10 years based on a plan developed and implemented by each university.
  - As a transition to this new sunset review process, ABOR Policy 4-105(G) requires the board to approve by July 1, 2019 the universities' plans to review each of their existing academic fees over the next 10 years, which the board approved at its June 12 – 14, 2019 meeting.

### Discussion

- At its June 12 – 14, 2019 meeting, the board approved UArizona to review its College of Fine Arts fees in CY 2021. Then at its November 2020 meeting, the board granted UArizona a one-year fee review extension. Therefore, the fees UArizona had planned to review in CY 2020 were instead reviewed one year later in CY 2021, which totals 233 fees.

**EXECUTIVE SUMMARY**

---

- Each university is required to report the academic fees reviewed in CY 2021 along with the result of the review and recommendation on the continuation of the fees. Pursuant to ABOR Policy 4-105(F)(2), this report is due the same time as the materials for setting tuition and fees.
- UArizona reviews its academic fees on a per college basis. Each year the selected college(s) will have all their fees reviewed; this includes any new fees added before the selected college(s) review cycle. This process included the creation of a Sunset Review Board (SRB), members of this board include at least one ex officio representative from The Office of Budget and Planning; the Financial Services Office; the Office of the Provost; and the Graduate & Professional Student Council; and the Associated Students of UArizona. The College of Fine Arts completed a self-evaluation of all their fees. In this review process, they evaluated one differential tuition, three program fees, and 231 class fees. Each of the responsible academic and administrative departments assessed each fee's type, fee amount, fee purpose, fee revenue, enrollment, and evaluated whether they are still needed for delivering instruction. The focus of the review was to evaluate the need for the fee while always thinking about the benefits to the students and affordability.
- The following table summarizes the total number of fees that the university reviewed in CY 2021, including the academic fees that were unchanged and the class fees that were decreased and eliminated. The next two bullet points and tables provide more detailed information.

- ABOR Policy 4-105(C)(6) allows a university president to reduce or eliminate a class fee without board approval, and 4-105(F)(2) requires each university to include in this report a list of class fees that have been decreased or eliminated in CY 2021. The second table in the attachment individually identifies these class fees. The following table summarizes this information.
