

Disestablishment Details

Justification for Disestablishment

The faculty who created the Social Innovation Certificate no longer teach at the University of Arizona, and enrollment in the certificate has significantly dropped over the last couple of years.

Teach Out Plan

Detailed plan how you will handle current students, if any

We have three active students in the certificate. They were notified that the program is no longer accepting new students but they are able to complete the certificate. The required courses continue to be offered to students pursuing Minors/Majors, so they can complete the Certificate.
