Subject: Request for credit by exam deadline extension
Date: Wednesday, January 6, 2021 12:35:31 PM

Dear Neel,

Pandemic-related limitations on CLEP exams and other testing continue to make it difficult for students enrolled in a higher level of language to meet the usual deadline by which they must test and earn credit for the previous levels of language. I am writing to request that (as we did in Fall 2020), we extend the deadline in Spring 2021 and allow students whose test scores (CLEP, Special Examination for Credit or Grade, etc.) are received by the last day of classes, 5/5/21, to receive credit based on their exam scores—regardless of whether or not they have been enrolled in a higher-level language class in Spring 2021, and regardless of the session(s) (7W1, 7W2, Regular, etc.) in which they took the higher-level language class(es).

Kim
