University Fees Ten-Year Sunset Review Plan

Introduction – pg.3**Members – pg. 4****Fees to be Reviewed – pg.5****Review Process – pg.6****Yearly Plan for Review of University Fees – Pg.7 to pg.45****(Abor approved Schedule on Appendix A)**

- ✓ Year 1: College of Fine Arts review of FY21 – pg.7-13
 - Due January 15, 2022
 - Sunset Date June 30, 2022
- ✓ Year 2: College of Law, College of Medicine & Honors College review of FY22 – pg.14-15
 - Due January 15, 2023
 - Sunset Date June 30, 2023
- ✓ Year 3: Eller College of Management and College of Nursing review of FY23 – pg. 16-17
 - Due January 15, 2024
 - Sunset Date June 30, 2024
- ✓ Year 4: College of Agriculture & Life Sciences review of FY24 – pg. 18-23
 - Due January 15, 2025
 - Sunset Date June 30, 2025
- ✓ Year 5: College of Architecture, Planning & Landscape Architecture and College of Public Health review of FY25 – pg. 24-26
 - Due January 15, 2026
 - Sunset Date June 30, 2026
- ✓ Year 6: College of Social & Behavioral Sciences review of FY26 – pg. 27-30
 - Due January 15, 2027
 - Sunset Date June 30, 2027
- ✓ Year 7: College of Science review of FY27 – pg. 31-36
 - Due January 15, 2028
 - Sunset Date June 30, 2028
- ✓ Year 8: College of Engineering and College of Pharmacy review of FY28 – pg. 37-39
 - Due January 15, 2029
 - Sunset Date June 30, 2029
- ✓ Year 9: Colleges and Departments with Class Fees Only review of FY29 – pg. 40-42
 - Due January 15, 2030
 - Sunset Date June 30, 2030
- ✓ Year 10: Other Academic Fees and Non-Academic Fees review of FY230 – pg. 43-45
 - Due January 15, 2031
 - Sunset Date June 30, 2031

Policies – pg.46**Appendices – pg.47 - 49**

Introduction

Sunset Review of Fees (ABOR policy 4-105(F)) (UD 02/2020).

1. Each university will develop and implement a plan to systematically review all existing academic fees as part of a sunset process. Unless otherwise specified by the board, the board must review and approve each academic fee at least once every 10 years.
2. Each university will report the academic fees reviewed in the prior calendar year, the result of the review and provide a recommendation on the continuation of the fee. Class fees that have been decreased or eliminated in the prior year by approval of the university president will also be listed in this report. **The report shall be submitted to the board office on or before the date of public disclosure of recommended increases to any tuition or academic fee pursuant to policy 4-104 (A) (3).**
3. Reports will be submitted on a template provided by the board office.
4. As part of the sunset review, each university shall consider whether multiple class fees within a program should be consolidated into a program fee or if multiple program fees within a college should be consolidated into a differential tuition or college fee.

Transition from Prior Policy (ABOR policy 4-105(G))

1. All fees in effect on July 1, 2018 remain in effect until the established sunset date.
2. By June 30, 2019, each university will propose a plan to review existing academic fees over the next ten years. The board will establish a sunset date for each fee as part of the review.
3. Other than class fees, academic fees that did not received board approval will sunset on July 1, 2019 unless a continuance is approved by the board.

The University of Arizona Sunset Approach

The University of Arizona (UA) will review its academic and non-academic fees on a per college basis. Each year the selected college(s) will have all their fees reviewed; this includes all the fees define on the “Fees to be Reviewed” section of this plan, and any new fees added prior to the selected college(s) review cycle. The order by which this ten-year process will take place is listed on the “Outline” section in the previous page.

UA will create a **Sunset Review Board (SRB)**. Members of this board will include at least one ex officio representative from: The Budget Office and Planning; the Financial Services Office; the Office of the Provost; and the Graduate & Professional Student Council; and the Associate Students of the University of Arizona.

Members – Sunset Review Board

Unit	Title	Responsibility
Academic Administration	Associate Vice Provost for Academic Administration	Management and compliance of University Fees.
Academic Administration	Program Manager	Management of new or modified fee requests; review year-end report of PTFT
Budget Office and Planning	Senior Analyst, Budget & Financial	Budget projection & adjustments
Bursars Office	Associate Bursar	Charging differential tuition & program fees to students
Financial Services Office	Accountant, Principal	Establishment of accounts & item types; expenditure authorization
Graduate & Professional Student Council	GPSC Student Body President (or designate)	Represent graduate student body on the review and continuance of fees
Associate Students of the University of Arizona	ASUA Student Body President (or designate)	Represent undergraduate student body on the review and continuance of fees

Fees to be reviewed

“Academic Fees” consist of mandatory, program, class and other fees levied as a result of enrollment as a student in the university, in a program of the university, or in a class offered by the university.

- “Differential tuition” means tuition that is higher or lower than the base tuition established for each university campus or location and applies to all graduate or undergraduate academic programs in a college or school.
- “Program fees” means additional amounts charged to students in select degree programs within colleges, schools or departments, including honors colleges or programs, that demonstrate one or more of the following: higher costs of delivering instruction; the need for or use of special equipment, technology, or key personnel expenses; market conditions.
- “Class fees” means additional charges for specific classes or courses that have demonstrably higher costs of delivering instruction overall because of the need for or use of special equipment, supplies, technology, key personnel expenses, field trips or other costs approved by the board.
- “Other Academic Fees” levied, as a result of enrollment are additional charges for special purposes that have demonstrably higher costs, such as administrative, orientations, penalty charges, etc.

“Non-Academic Fees” are user fees levied not as the result of enrollment as a student in the university, in a program of the university, or in a class offered by the university. Examples include, parking, entry, extracurricular activities, graduation, copy and other administrative fees. University Presidents may create internal processes to set non-academic fees, as necessary. **The Non-Academic Fees will be review at the institutional level and will not be submitted to ABOR as part of their sunset review.**

Review Process

Fee review will include not only colleges but also administrative units that have active fees that were not previously required to receive board approval. The transition process from the prior ABOR policy will start with the sunset of fees that did not receive Board approval:

“Other than class fees, academic fees that did not received board approval will sunset on July 1, 2019 unless a continuance is approved by the board.” [ABOR Policy 4-105\(G\)\(3\)](#)

In other words, the 2018-2019 sunset review has been accomplished by submitting all *Other Academic Fees* to ABOR for approval/re-approval. Any fee that was not submitted is, by default, sunset. These fees will be reviewed again in 10 years.

The review process will evaluate whether each fee continues to be necessary for its ABOR-approved purpose, if the amount and fee type are appropriate. The focus of the review is to evaluate the need for the fee while always thinking on the benefit to the student and affordability.

Timeline

Sunset Evaluation (UD 2/2020)

May: An e-mail will be sent to the unit/colleges notifying them of the pending review.

June to August: Unit/college completes self-evaluation of all their fees. They can receive input from interested parties (students, faculty, Bursars Office, etc.) but are not required to have student consultation for the sunset review process. As part of this evaluation, the unit/college is highly encouraged to consider whether multiple class fees within a program should be consolidated into a program fee or if multiple program fees within a college should be consolidated into a differential tuition or college fee. Unit/college identifies problems and develops recommendations.

September: Preliminary Report is submitted to the Office of the Provost, during this month the report will be published at the University Fees website to solicit feedback and concerns from the UA community.

SRB Review

October: A representative of the unit/college will be given a presentation date for conversation of their analysis and final report.

Sunset Review Board Recommendation

November to December: The SRB will send their recommendation to the unit/college. The Office of the Provost and the unit/college representatives will work together to finalize the report/templates that will be submitted to the Arizona Board of Regents (ABOR). The final report and [ABOR template\(s\)](#) are due to the Academic Administration in the Office of the Provost by January 15.

ABOR Submission and Action.

February/March: The report shall be submitted to the board office on or before the date of public disclosure of recommended increases to any tuition or academic fee pursuant to policy 4-104 (A) (3). Typically submitted with the Tuition and Fees materials. (UD 2/2020).

This plan is subject to change as policy and ABOR requirements changes.

Year One – College of Fine Arts

Each year the selected college(s) will have all their fees reviewed; this includes all the fees defined on the “Fees to be Reviewed” section of this plan, including **any new fees added prior to the selected college(s) review cycle**. The College of Fine Arts sunset date of all their university fees is **June 30, 2022**.

College of Fine Arts

Differential Tuition(s)

COLLEGE	PROGRAM	ACCOUNT NUMBER	AMOUNT PER SEMESTER	AMOUNT PER SUMMER SESSION	ABOR-APPROVED REQUESTS	ABOR ANNUAL RATE SHEET
Fine Arts	All Undergraduate Degree Programs in Schools of Art, Dance, Music, and Theatre, Film & Television	2559349	\$300	N/A	PDF	PDF
